CELEBRATING OVER 75 YEARS OF SERVICE EXCELLENCE!

Family-owned Arrow Uniform, with over 20,000 satisfied customers, is a leader in providing uniforms to Midwest businesses. Since the company's formation in 1937, Arrow Uniform — and our now 700 employees — has taken great pride on an unsurpassed record of longevity, stability and innovation.

Arrow Uniform was launched as a family owned business based on the values of integrity and honesty. These values continue to drive us to provide our customers with the best service possible, while maintaining an apparel and service program that fits your needs on your schedule.

Not many companies can match our record of longevity while providing such a consistent level of excellence. In an industry defined by a constant shift in clothing styles and corporate images, it takes a committed and determined organization to identify and satisfy over 20,000 customers. As our company continues to grow and expand, we do so with the recognition that our portfolio of products and services must continue to be of the highest quality. Additionally, our processing facilities and distribution centers must also meet the highest standards and expectations of those who have placed their trust in us.

We invite you to become a part of the Arrow Uniform family. Our strength as a family business is founded on our deep commitment to satisfy our customers' needs and to meet our goal to provide solutions that enhance your quality of life.
