

AUTOMATED EXTERNAL DEFIBRILLATORS

When someone suffers Sudden Cardiac Arrest Minutes Matter - Seconds Count!

Arrow Health & Safety, a leading national provider of safety products and solutions, is proud to announce to all our valued customers the sale of the HeartStart OnSite AED (Automated External Defibrillator). Manufactured by Philips Medical Systems - the worldwide leader in the AED industry - the HeartStart OnSite AED is the most popular and user-friendly AED available.

ITEM # M5066A-BP

PHILLIPS HEARTSTART DEFIBRILLATOR BUSINESS PACKAGE

- Package includes AED, one set of Adult Pads, one battery, Alarmed Cabinet, Slim Case, Prep Bag and AED Wall Sign
- The lightweight design means that a fully equipped unit weighs in at only 3.3 lbs
- Clear visual and voice instructions instill the confidence that's needed when administering therapy to a person in cardiac arrest
- Each unit is powered by a long-lasting disposable battery. (Batteries last up to four years in stand-by mode. A spare battery to be stored with the unit is recommended.)
- HeartStart defibrillators are safe for use on anyone of any age, including children and infants
- Patented SMART analysis heart rhythm assessment and SMART biphasic defibrillation therapy, clinically proven in nearly 10 years of use. The HeartStart will determine if a shock is needed based on the victim's heart rhythm
- American Heart Association CPR two-year certification available

INTRODUCTORY PRICE \$1395.00
