ARROW UNIFORM

Repair quality standards...

At Arrow, total process control assures all garments are properly repaired and ready for on-time delivery. Inspectors monitor and audit all garment repairs and upgrades.

All garments must be repaired when they meet the following criteria:

- Open or loose seams
- Missing or broken buttons
- Broken zippers
- Missing or broken belt loops
- Holes, rips, or tears
- Loose or illegible ID tags

Garment Repair Service

With Arrow, quality is assured.
