EXCELLENCE SINCE 1937

L to R: Bob Andris, Executive VP and second generation family member; John Caputo, President and third generation family member; Tom Andris, CEO and second generation family member

THREE GENERATIONS OF SERVICE EXCELLENCE!

Family-owned Arrow Uniform, with over 20,000 satisfied customers, is a leader in providing uniforms to Midwest's businesses. Since the company's formation in 1937, Arrow Uniform — and our now 700 employees — has prided itself on an unsurpassed record of longevity, stability and innovation.

Arrow Uniform was launched as a family-owned business based on the values of integrity and honesty. These values continue to drive us to provide our customers with the best service possible, while maintaining an apparel and service program that fits your needs on your schedule.

1937. SEVENTY YEARS. THREE GENERATIONS.

Not many companies can match our record of longevity while providing such a consistent level of excellence. In an industry defined by a constant shift in clothing styles and corporate images, it takes a committed and determined organization to identify and satisfy over 20,000 customers. As our company continues to grow and expand, we do so with the recognition that our portfolio of products and services must continue to be of the highest quality. Additionally, our processing facilities along with 14 distribution centers must also meet the highest standards and expectations of those who have placed their trust in us.

We invite you to become a part of the Arrow Uniform family, while thanking those of you who are already partnering with us. Our strength as a family business is founded on our deep commitment to satisfy our customers' needs and to meet our goal to provide solutions that enhance your quality of life.

COMMUNITY OF EXCELLENCE

"I can't say enough about the outstanding community spirit, dedication and quality of workmanship of the people at Arrow Uniform here in Taylor, Michigan. I was immediately impressed after meeting the Arrow workforce and seeing them in action during a tour of the company's Taylor headquarters. Our city employees rave about the quality of uniforms they wear every day in the Department of Public Works, compost site, building and grounds, vehicle maintenance and animal shelter. A great corporate citizen, Arrow was a prime contributor to the City of Taylor's 40th anniversary celebration, providing shirts and smiles to visitors to our citywide real estate and business open house. On both professional and personal levels, we're all so proud — and delighted, really — that Arrow calls Taylor home."

— David Gorgon, Director of Public Information, City of Taylor Department

PERSONALIZATION OPTIONS

EMBROIDERED EMBLEMS

STANDARD EMBROIDERED EMBLEMS: Feature your company name, department, or employee name on one of our color coordinated emblem designs. Company name emblems are 2½" X 4½" and accommodate three lines of type and 16 characters per line; employee name emblems are 1½" X 2½" and accommodate one line of type and thirteen letters. Choose from script or block style embroidery, and any background, border, and thread color combination from the colors below.

CUSTOM EMBROIDERED COMPANY LOGO EMBLEMS: Reproduce your company logo on an embroidered emblem. Emblems measure 2½" X 4½". Ask your Arrow Sales Representative for more details.

TRADEMARK EMBROIDERED EMBLEMS: If you are an authorized distributor or reseller, these emblems give you the distinctive look your brand deserves. We have most national logos in stock, and can coordinate the application of a trademark emblem along with your logo.

DIRECT EMBROIDERY

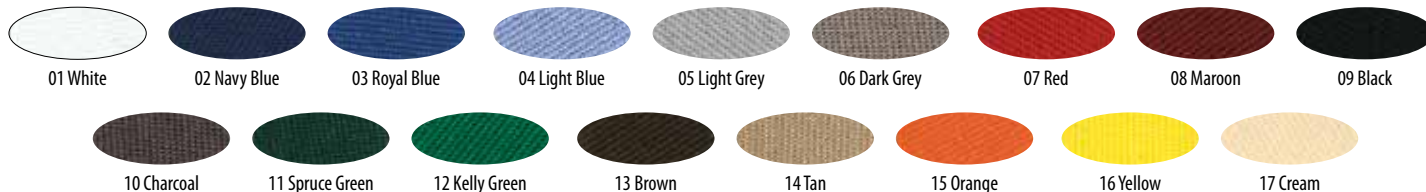

Many garments, such as knit shirts and woven shirts, can be embroidered with your company name or logo. Consult with your Arrow Sales representative for more information about our direct embroidery options.

PERFECT PRINT™ EMBLEMS

Your options are endless with Perfect Print™ emblems on your garments. Full color, digitally printed emblems are both photo-realistic and laundry-friendly. With unlimited colors and designs, you can now create any look to promote your business. For best results, your company logo is reproduced on Brite White™ background fabric in your choice of border color. Light blue, light grey, tan or cream backgrounds can also be used. If your logo requires a dark background, the dark color can be printed directly on the fabric.
