

Microfiber Towels

Specifications Sheet

Item Codes:

- BLUE:** MF50G16x16BL
- WHITE:** MF50G16x16WH
- YELLOW:** MF50G16x16YL
- GREEN:** MF50G16x16GR

FEATURES

- Microfiber outperforms and outlasts cotton cloth towels.
- Durable, lasts through more washes per towel.
- Machine washable and reusable, therefore reducing paper waste disposal issues.
- More absorbent than traditional paper or cotton towels.
- Multiple colors help prevent cross-contamination. Visual indicator, right color, right room!

SPECIFICATIONS

MATERIAL
80% Polyester
20% Polyamide

MEASUREMENTS
16" X 16" (40.64 cm X 40.64 cm)

WEIGHT
50 Grams
Microfiber is so absorbent that over time, a "dry" towel can actually increase in weight!

PACKAGING SPECIFICATIONS

12 towels flat-stacked per poly bag, with trilingual (English, French, Spanish) washing instructions.

12 poly bags per carton.
144 towels per carton.

CARTON DIMENSIONS
16.93 x 16.93 x 14.96 inches (43 x 43 x 38 cm)
19 lbs. (8.5 kg)

GENERAL DESCRIPTION

AMMEX Microfiber Towels are made of 80% polyester and 20% polyamide (nylon) threads. Heavyweight (50 grams), these towels will perform better and last longer! Reduce the amount of chemicals used too, as microfiber inherently picks up more dirt, dust, and grime compared to other wipes. Perfect for all industries, including janitorial, sanitation, housekeeping, daycare centers, automotive, hospitals, nursing homes, and more.
